HOW TO BID AND BUY:

1. Register at sale ring and obtain buyer number
 2. Sale catalog lists details on animal and seller
 3. Raise your buyer # on any animal you want to bid on
 4. Custom: The animal will be processed for your own use.
- *** Can't use an entire animal? Go in with friends or family, or give to adult children as a gift. If you own a business- consider customer or employee appreciation. Are you a service club? Put on a BBQ or donate to charity.
5. Resale: The animal is re-sold to a packing house and you pay the difference between current market price and your bid. The portion you pay could be tax deductible.

(Detailed information on these processes can be found in the sale catalog the day of the auction)

ADD-ON INFORMATION

If you are unable to purchase an entire animal but would like to contribute to an exhibitor's project, you can do so via an add-on.

1. No need to register! Fill out a form, available at the add-on table, and list the exhibitors you wish to donate to as well as all information pertaining to their animal- available in the sale catalog.
2. Cash, checks, and major credit cards are accepted. In an effort to expedite payments to our Junior Exhibitors, payments must be made on sale day.
